Program Description

The Latin American Youth Center (LAYC) is a multicultural community-based non-profit organization whose mission is to support youth and their families to live, work, and study with dignity, hope, and joy. Part of this mission includes promoting success in education through Supplemental Education Services (SES). Our SES program operates at multiple sites in local schools and our own youth center with one-on-one and small group (at a ratio of 4:1 or smaller) core subject tutoring, informal mentoring, and support services averaging over 50 hours for each youth over the school year.

Our program seeks to increase youths' performance on annual state and other national assessments by measuring changes in areas such as 1) report card grades, 2) tests in core school subjects and our program curriculums, 3) program attendance, and 4) other internally-administered assessments. Tutoring sites are located primarily in local community schools or our own youth center directly afterschool. Tutors provide up to 90-minute tutoring sessions with instruction based on age-appropriate diagnostic tests drawn from the curriculums Achieve 3000 for English literacy and Moving with Math. The majority of our tutors are bilingual (English and Spanish).
